EZ Port MAX® 2i

EFFORTLESS DRIVE-ON PWC LIFT

DRIVE-ON PWC LIFTS

PERSONAL WATERCRAFT DOCKING REIMAGINED

IDLE UP

EASE INTO THROTTLE

ROLL TO FRONT

REVOLUTIONARY SELF-ADJUSTING DESIGN

The EZ Port MAX® 2i is our patented, top-of-the-line, self-centering PWC lift for easy drive-on entry. The Port MAX® 2i's split entry and self-adjusting rollers make loading and unloading smooth and effortless, even for beginner PWC operators.

VIRTUALLY MAINTENANCE-FREE

EZ Dock's polyethylene ports are durable, slip-resistant, chemical-resistant, and completely wood-free. They won't splinter, rot, or need paint.

INDUSTRIAL STRENGTH COUPLERS

The EZ Dock system uses couplers that make it easy to add-on to your EZ Port Max 2i. Our uniquely designed couplers are flexible and strong, even in rough conditions.

ADJUSTS TO CHANGING WATER LEVELS

**ONE PWC OR MULTIPLE?
